- We bring Al-Anon “[Meetings on Wheels](#)” to drug and alcohol related facilities across Suffolk County. Those who attend are typically the addict or alcoholic and often realize for the first time that they themselves have been affected by the disease, just like us. They are asked to hand off the literature we provide to their loved ones, and inform them of our program. Over the past three years, approximately 5,000 people will have attended a Meeting on Wheels. I’ve lost count of the people that have gotten in touch with me after their release, along with their family members. I urge you to consider this position for the next ASIS panel!
